FABCON

10" PRODUCT SPECIFICATIONS

VersaCore Pro™

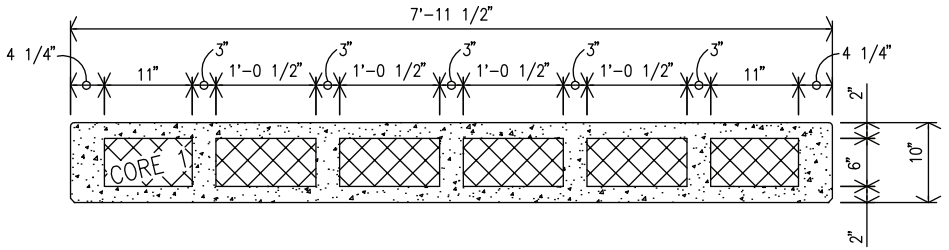

VersaCore Pro panels are the lightest structural precast wall panels and feature versatile designs for use in multiple projects.

The 10" VersaCore Pro wall panel is ideal for warehouses, data centers, manufacturing facilities, and other applications that need the best value in a structural precast insulated wall panel. This is our most popular VersaCore wall panel.

VersaCore Pro wall panels are available in a large variety of colors and finishes. See our Finishes & Capabilities Guide for additional details.

BEST VALUE

10" VersaCore Pro — 6" Billet w/4.5" Drop-In

10" VC Pro	UNIT WEIGHT (PSF)	CLIMATE ZONE*	R-VALUE	U-VALUE	FIRE RATING (HRS)**	HEAT CAPACITY (BTU/FT^2*F)	SOUND TRANSMISSION CLASS (STC)
VC Pro + 6" Billet w/4.5" Drop-In	62	Zone 1-7	14.5	0.069	2.3	12.2	51.0

*Climate zones determined using the U-factor method for above grade mass walls per 2021 IECC Table C402.1.4 and 2024 IECC Table C402.1.2.

**Higher fire ratings are available by reducing the insulation thickness. Please consult your Fabcon sales representitive for additional information.
