FABCON

12" PRODUCT SPECIFICATIONS

VersaCore Pro™

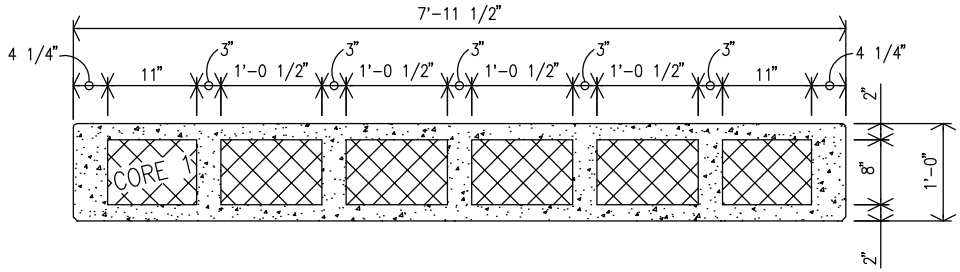

VersaCore Pro panels are the lightest structural precast wall panels and feature versatile designs for use in multiple projects.

The 12" VersaCore Pro wall panel is ideal for warehouses, data centers, manufacturing facilities, and other applications with high structural loads, clear heights, or R-value requirements. This is our strongest and most structurally capable VersaCore Pro wall panel.

VersaCore Pro wall panels are available in a large variety of colors and finishes. See our Finishes & Capabilities Guide for additional details.

STRONGEST

12" VersaCore Pro — 8" Billet w/6.5" Drop-In

12" VC Pro	UNIT WEIGHT (PSF)	CLIMATE ZONE*	R-VALUE	U-VALUE	FIRE RATING (HRS)**	HEAT CAPACITY (BTU/FT^2*F)	SOUND TRANSMISSION CLASS (STC)
VC Pro + 8" Billet w/6.5" Drop-In	66	Zone 1-7	17.9	0.056	2.5	12.8	51.4

*Climate zones determined using the U-factor method for above grade mass walls per 2021 IECC Table C402.1.4 and 2024 IECC Table C402.1.2.

**Higher fire ratings are available by reducing the insulation thickness. Please consult your Fabcon sales representitive for additional information.
