SANDWICH WALL PANEL

VersaCore Pro™

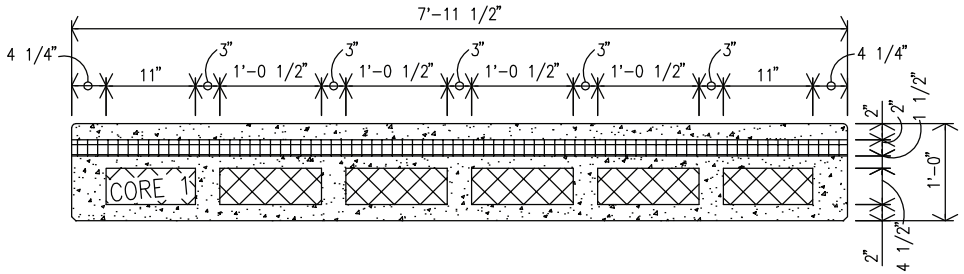

With a 2-inch insulation layer for superior R-values, VersaCore Pro Sandwich wall panels offer peak thermal performance.

The VersaCore Pro Sandwich wall panel is ideal for refrigerated warehouses, manufacturing facilities, offices, schools, and other applications with extreme temperature differentials. This is our highest R-value VersaCore Pro wall panel and it's commonly used in climate zones 7 and 8.

VersaCore Pro wall panels are available in a large variety of colors and finishes. See our Finishes & Capabilities Guide for additional details.
